

**TOWN OF PARMA CONSERVATION BOARD**  
**MEETING MINUTES**

April 21, 2015

**Members present:** Mike White, Mike Ingham, Scott Harter

**Members absent:** Greg Pacelli , Don Harter, and Pete Stoller

**Meeting called to order at 7 pm.**

**OLD BUSINESS**

**SAFETY REACTION TEAM TRAINING SHOOTING RANGE** **5090 RIDGE**  
**ROAD WEST**

Mike Ingham did a site visit for the proposed project and reviewed his findings with the members present. There was quite a bit of water in the area of the shooting berm and there are no indications of grading and contours on the present plans. The Board would like this information included on the plans. The rest of the area appears to be draining well.

There is secondary tree growth but no woodland areas. There are no wet lands that would be disturbed with the project.

There are 3 tree stands on the back of the property which would need to be removed.

The Board had questions as to the actual sound decibels that are indicated on the current plans. All the firearms listed, appear to have the same decibel readings along Ridge Road proper. The Board is wondering if this is correct?

The Board would like to know the hours of business for the project and if this has options of going public at a later date?

There being no new business or further business to discuss, the meeting was adjourned at

7:30 pm.

Respectfully submitted,

Diane Brisson,

Recording Secretary
