

SafePlace

The Parma Town Hall, 1300 Hilton Parma Corners Road (Route 259) has been designated as a SafePlace location for the Parma community. SafePlace is a national youth outreach program that educates young people (12-17 years of age) about the dangers of running away or trying to resolve difficult, threatening situations on their own.

Following a training session involving Town employees and annual reviews, the Center for Youth Services added the Town Hall to their SafePlace registry. The Parma Town Hall will now extend its doors as an emergency shelter where youth can access immediate help when the building is open.

Two other established local SafePlace locations are the Hilton McDonalds and the Village Community Center located on Henry Street in the Village of Hilton.
