

Enrichment Camps

ART CAMP -BILL SMITH

Art camp would benefit any motivated and creative student and provide an exciting and fun opportunity during their summer break. Your child will enrich their creative skills and develop a deeper appreciation for the process and production of art. The instructors are certified art teachers interested in giving students a more individual and in depth art experience. This week long camp will offer daily exploration of 2D (Drawing, Painting, Digital, and/or Printmaking) and 3D (Clay, Paper Mache and/or Sculpture). The small group size (15 students per teacher) will allow for more individualized instruction and peer collaboration. Art camp will offer numerous opportunities for self-expression while fostering creativity in a fun and imaginative way.

WHO: Ages 9-14
WHERE: Hilton High School, Sculpture/Ceramics Rooms
WHEN: SESSION I: Monday, July 11 – Friday, July 15
SESSION II: Monday, July 18 – Friday, July 22
TIME: 9:00 a.m. – 12:00 p.m.

CREATIVE TECH CAMP FOR GIRLS -ANGELA REICHERT-BOCCUZZI

Back for a second year, is a hands-on camp designed to expose girls to computer science and engineering. Activities include coding, design and engineering. Topics the first week are Storytelling and Fashion & Design. The second week is Music & Sound and Animation. Please note that you may take one or both weeks of camp, topics are free-standing. We will make awesome projects, go on epic virtual 'field trips' and meet women scientists, coders and hackers. We have 3D printers, Lego Story Creator, LittleBits® and Arduino kits, and more! No coding experience necessary!
